Welcome to SOLANA

Hello and welcome to Solana. My name is Bev Lewis - I am a Usui Reiki Master Teacher registered with the Reiki Healers and Teachers Society, and am also attuned to and able to pass on many other Reiki Healing Modalities and Energy Healing Systems.

Here you will find a wonderful and wide range of energy based healing systems that you will be able to use for healing and guidance for yourself and for friends and family, clients and students of your own. All will give you personal and spiritual growth, many are specifically for that purpose. All are received via distance attunement and come with full, ongoing email support.

I am also in the process of creating distance learning packages for many of the attunements or systems you will find here, for those of you who wish to be more closely guided and supported in your learning and your journey. These will include worksheets that will help you log your development and your understanding, feedback logs for your evidence in practice and will be supported by ongoing email support as always.

You will see that each attunement comes at an affordable fee, which I hope will make them accessible to anyone and everyone seeking personal and spiritual development. In asking for a fee, I am not asking you to pay for the energy you will receive, the system you will be able to use or even the manual that has been produced to support and guide you (unless you require a printed manual which does carry an additional fee of £2.50 towards materials and postage). The fee charged for each attunement contributes to my time taken in attuning you, guiding you through the process and providing help with any questions you have, healings you may need and ongoing support on your personal journey.

I have been performing distant and in person healing and attunements for over 7 years now and have often been amazed at the effects and benefits that energy healing has on my clients, my students, family and friends – and of course on myself! The Golden Rule with all holistic healing is that all healing starts and ends with Self. So, when receiving these attunements, know that first and foremost, their energy is for you and your personal and spiritual development.

Attunement Packages

If you wish to learn several different modalities, I offer attunement packages which offer considerable savings on individual purchase prices. The packages are listed at the end of the catalogue.

How to buy and book an attunement

If you would like to receive any attunement from me you can contact me directly by email at bev@solana.co.uk with the name (s) of the healing modality that you would like to receive and how you would like to pay. Payment can be made online via Paypal, by cheque/postal order, BACs transfer or by cash payment if you are able to see me personally. Alternatively, you can visit my website at <http://www.solana.co.uk> and use the click to book facility provided for each modality or attunements package listed online. I send attunements out usually by appointment, where we establish a convenient date and time for me to send and for you to receive your attunement. I am also able to offer the 'call in' method if that is more convenient, where I send out the intention for you to receive your attunement when you are able to receive it and you then receive when able. Both attunement methods work equally well and are as effective as in person attunements. You may enjoy reading some of the many testimonials I have received, which can be found at on my website.

I also like to know a little bit about the people I am working with and sending attunements to, so please don't be shy – share a little of yourself with me! Most of the Reiki modality attunements have a prerequisite of Usui Reiki attunement to varying Degrees and some require a Karuna based attunement. Also and as your teacher and guide, it's nice for me to know where you are on your journey and how you got there! ☺

Preparing to receive the energies.

Ensure your environment is secure while your attention is drawn away during your healing experience and please take care if lighting candles to assist you in relaxing and creating your healing space.

If a situation does arise during your meditation that requires your full attention, you will become fully aware and will be able to deal with it calmly and efficiently.

Begin by finding a time when you will not be disturbed and you will be able to gain maximum benefit from your experience. Prepare your healing space. If you like, light some candles, burn some relaxing essential oil or incense and bring together any comforting objects, pictures, plants or other talisman.

Sit or lie with your spine straight and begin by focusing on the breath.

Take in a deep, full breath through your nose, deep into your body...then gently allow it to escape from your body in its own time.

Simply let it go. Repeat with a second deep breath and again, gently let it go.

Allow your breathing to find its own natural rhythm and go with it.

Breathe in...breathe out... and as you focus on your breath, allow all other thoughts and feelings that may come to your attention to simply drift by, like clouds on a summer sky. Let them go..... let them float on by... and focus on your breathing, on the rhythm of life itself.

Each breath into your body is warmed by a golden sun, bringing healing energies, warmth, protection and comfort to you.

Each out breath allows you to relax and let go... a little at a time... one breath at a time...

Each breath in brings healing, love and light...each out breath releases tension...stress...and worry...

Each breath in brings peace, relaxation and contentment...each out breath allows you to relax and let go...

Be aware of your breath giving back to the Universe your unnecessary burdens... notice them float away on the waiting breeze...

You are relaxed... calm... and open receiving your attunement and the healing journey it brings...

Your attunement will be received here... Most attunements run for about 20 – 30 minutes, but some will last longer. Please take your time when receiving an attunement to fully benefit from the energies and experience.

When your attunement is complete, you will automatically become distracted or otherwise awake...

take some deep, cleansing breaths and you begin to focus on your breathing...each breath in brings you more awake and aware...aware of your body... your thoughts and your feelings...

Each breath in brings your awareness back to your physical self...your energies are grounded back into your body...

You become aware of the room and your surroundings...as your guardian angel leads you back to the room...safe and protected, empowered and confident...

As you become fully aware of your thoughts and feelings, your body and your surroundings, thank your guides and Angels for their guidance and support today...

and thank the energies we have been working with for sharing their healing gifts with you today.

When you are ready... take a nice full, deep breath into your body...slowly let it go...and open your eyes!

Have a nice big stretch and walk around!

After receiving your attunement energies.

Please drink lots of water during the 12-24 hours following an attunement as this will aid in any detox/clearing effects which can take place. These can range from cold/flu symptoms to an upset stomach but they will only last for a few days maximum.

If for any reason you also feel a little giddy and light headed after an attunement ground yourself by connecting strongly to Mother Earth, either by picturing roots flowing from your feet deep into the earth or a column of coloured light flowing through your energy body and deep into the Earth - asking for grounding to take place. It might also help to breathe deeply, have a drink or eat something light and easy on the digestive system.

Usui Reiki

Usui Reiki First Degree

There are 4 initiations to the First degree of Reiki, one to the heart, one to the hands and one to the top of the head chakra, with each one only taking a couple of minutes. Each one opens the student on a deeper level and enables them to channel healing energies through their hands. The fourth and final initiation closes the initiation process. It's quite normal for one of the initiations to feel stronger or more powerful than the others.

No previous experience of Reiki is required although clients who have benefited from receiving Reiki healing treatments in the past often choose to be initiated themselves, so that they can give self treatments.

You will receive 4 Reiki Attunement ceremonies during the course of our day together, which cleanse your chakras, open and strengthen your healing gift and personal energies.

You will also learn the background of Mikao Usui.
Learn the Five Reiki Principles behind Usui Reiki.
Gain an understanding of the Human Energy system.
Learn cleansing, grounding & energy protection procedures.
Practice the Usui Meditation and learn self healing methods.

This is a one day, in person course, with ongoing support via email or telephone. Further in person meetings can be arranged if and as appropriate/required.

You will be issued with a Certificate on completion of your day.

Usui Reiki Second Degree

There are a further 3 initiations for Second Degree Reiki which strengthen your existing First Degree Reiki connection and channel 3 Reiki symbols into the aura and chakras of the recipient. You will learn the 3 Reiki symbols and how to say, draw and use them for healing of self and of others and for distance healing.

You will need to have received your First Degree Reiki attunements before receiving Second Degree. If you have received your First Degree Attunements from a different Usui Reiki Master, I will be glad to continue you on your Reiki journey, but I will need to see your previous attunement manual or otherwise check your present understanding, in order to ensure continuity of learning.

You will receive 3 further Reiki Attunement ceremonies which further increase your connection to the Reiki energy.
Learn use of and practice drawing the three Reiki healing symbols.
Be shown optional hand positions and methods of treatment on others
Introduce the use of crystals with Reiki.
Send distant healing to loved ones using the distant healing symbol.
Discuss Practitioner Requirements, Ethics and Code of Conduct and Insurance.
You will be required to complete some Evidence in Practice before being issued with your Usui Reiki Second Degree Certificate.

At present, this is a one day, in person course, but if you feel it would be more beneficial, I can arrange to spread the course over 2 days to allow for more practical experience and direct teaching support.

Usui Reiki Master Degree

In this Usui Reiki Master Degree you will receive one final attunement to the Master Symbol and will learn how to say, draw and use this symbol for the healing and improvement of self and for the healing of others. You will also learn Japanese Reiki techniques and further explore spiritual development with Reiki.

You will need to have received your First and Second Degree Reiki attunements before receiving the Master Degree. If you have received your First and or Second Degree Attunements from a different Usui Reiki Master, I will be glad to continue you on your Reiki journey, but I will need to see your previous attunement manuals or otherwise check your present understanding, in order to ensure continuity of learning.

This Master Degree does not cover the teaching of attunement ceremonies.

You will be re-attuned to your present Reiki energies and symbols
 Receive a further attunement ceremony to channel the Master Symbol
 Learn Japanese Reiki initiation and empowerment ceremonies
 Learn how to give powerful Master Healing Attunements
 Any additional learning needs will be met

At present, this is a one day, in person course, but if you feel it would be more beneficial, I can arrange to spread the course over 2 days to allow for more practical experience and direct teaching support.

You will be issued with a certificate at the end of the day.

Usui Reiki Teacher Degree

You will be re-attuned to your present level of Reiki energies and symbols and will then receive the Reiki Master/Teacher Attunement.

You will learn go on to learn how to perform and will gain practical experience in giving First, Second and Master Degree Attunement Ceremonies.

You will also be advised on lesson planning and structure, suggested teaching aims and objectives for each Reiki Degree and ways to teach to an adult student group. We will discuss the importance of continued learning and updating of professional considerations for your own Reiki Practice and for the guidance of students.

This can be a one day, in person course, but if you feel it would be more beneficial, I can arrange to spread the course over 2 days to allow for more practical experience and direct teaching support.

I also offer a period of mentorship and support if either you or I feel that it would be beneficial to you, guided by your own confidence and circumstances, where you can observe and ultimately participate in the teaching of the various degrees as your confidence grows. You will be issued with a certificate at the end of your day. Payment for this course can be by instalments, with certification once final and full payment has been received. This may be especially suitable when undertaking mentorship, has obvious benefits and is undertaken in an environment of mutual trust and respect.

Usui Reiki Master Teacher Degree

In some circumstances it may be possible to combine Levels 3 and 4, the Reiki Master and Teacher Degrees. Reiki is a personal journey and for some, it may be more appropriate to learn these two stages together.

The course content is pretty much the same as when taken individually and will be tailored to your personal teaching needs. Please contact me for more details.

Payment for this course can be by instalments, with certification once final and full payment has been received. This may be especially suitable when undertaking mentorship, has obvious benefits, and is undertaken in an environment of mutual trust and respect.

Angel Attunements

Angel Light Initiation

If you have a desire to walk with your angels then this is for you. Angels have never existed on the earth plane as they are of a higher vibrational consciousness. They bare gifts of pure love & light.

Included is a preparation exercise, a simple Invocation method and 4 initiations which are sent to you as one attunement. The initiations are as below.

The Third Eye Initiation - Although there are different variations of Third Eye Initiations which have been passed down in various beliefs such as Wiccan, Buddhism, Tibetan teachings, we will use the mandala which originated in Eastern religions. It is circular and represents the Universe and wholeness. The mandala has been used by many to align themselves to the Angels.

Upper Astral Crown Initiation - helping you to open up a clear channel to the Angels to help you to accept messages and healing directly.

The Heart Initiation - helps to open the heart chakra, which is important when working with any type of healing energy. This Initiation plants a seed but it is up to you to work with and develop the energy through meditation and practice.

Angel Initiation - These Initiations aim to connect you directly a spiritual presence or a new guide or angel guide. It is the final attunement in the set and the most important. You are open and you are ready. This initiation is for channelling healing, receiving guidance and forming a connection to celestial beings. It is usual to feel waves of pure love and energy washing over you as the Angels make themselves known.

Please note that Angel Light Initiation is not connected with the Lightarian Institute AngelLinks TM

This package includes:

- One Attunement which incorporates all 4 Initiations.
- A Manual
- A Printed Certificate.

Angel Reiki

Angel Reiki attunements combine the healing qualities of Reiki with that of four primary Archangels - Archangel Raphael, Archangel Gabriel, Archangel Michael and Archangel Uriel. You may also call in other angels as you wish. The Archangels are incorporated into the Reiki attunements and then they are called on and requested to assist in the healing. You can use the traditional hand positions taught in Usui Reiki or you can ask the angels to guide your hands to the appropriate positions.

Angel Reiki learned as a stand-alone system will require no previous experience of or attunement to Usui Reiki. You will receive three separate attunements to First, Second and Master Degree, but these do not constitute attunement to Usui Reiki and you may not call yourself a Usui Reiki Master, only Angel Reiki Master. Usui Reiki requires more in depth information and in person attunements from a registered Usui Reiki Master Teacher.

Once you are attuned to Angel Reiki, you will be able to heal yourself and others using this system. You will also be able to pass this attunement on to others once you have received your Master attunement.

This package includes:

- Three separate attunements or one to Master Level for Usui Masters
- A Manual
- A Printed Certificate.

It will also help assist with your personal journey of transformation. The manual contains a lot of wonderful information and the energies are truly beautiful to receive and work with.

You will also receive a connection and separate manual for the Atlantic Light Temple, where you can journey in meditation to receive healing and connection with the Atlantian Angels. You will also receive a printable Atlantian Power Symbol which can be used as a bracelet or talisman.

You will receive:

- Two Distance Attunements

Celtic Reiki

Celtic Reiki is a beautiful style of Reiki discovered by Martyn Pentecost, a Reiki Master/Teacher based in Croyden, England, which uses vibrations from the Earth and certain types of trees & plants to create energies ideal for both healing and manifestation. Although similar to Usui Reiki, this is an Earth energy and so it is channelled upwards through the lower chakras rather than through the crown chakra as in Usui Reiki.

Celtic Reiki uses various symbols which are very straightforward and based on the ancient Druid alphabet. You also learn some Celtic philosophy and tradition along with some new techniques which are based on Celtic rituals. It can be used to treat many health issues as well as helping you and your clients to attain desires and goals.

There are three levels of Celtic Reiki and you must start by being attuned to Celtic Level 1 even if you are an experienced Usui Reiki Practitioner or Master. There are six symbols to learn with each level. Master level gives you the opportunity to teach and pass on this energy to others.

It is advised that a period of adjustment, integration of energies and learning of techniques and materials takes place between each attunement level. At least a week is advised but you may feel that a longer period of adjustment and learning are appropriate.

This Attunement package includes:

- 1 attunement to First, Second or Master Degree Celtic Reiki
- 1 manual for each Degree purchased
- 1 printed certificate for each Degree purchased

Celtic Reiki Healing Package

This Attunement package includes:

- 3 separate attunements to Celtic Reiki First, Second and Master Degree

Imara Reiki

Pre-requisite Reiki Master

Imara Reiki is a powerful system of Reiki developed by Barton & Geoffrey Wendel, it is of a higher vibration energy level than most common Reiki systems. The name "Imara" simply put means "more" .

Reiki can be split up into vibration (frequency) bands. Imara Reiki is a "Level 5" on the "Reiki scale". To simplify things.....Traditional Usui Reiki is level 1-3 (First, second and Master levels and Karuna Reiki is considered Level 4. Imara Reiki is Level 5... This is a very intense form of Reiki energy and is therefore only available to Reiki Masters. You will notice the energy has a slightly different feel about it yet it is very simple to use:-

- You do not need symbols
- Attunements are very simple
- Distance healing methods are also very simple BUT strong.

Many users will experience a Strong Spiritual Connection and it can also help to to heal past life and trauma issues. Once you are attuned to Imara Reiki, it is extremely simple to use the energy, especially compared to Usui or Karuna. Until now, Imara Reiki has not been very widely used.

This package includes:

- One Attunement to Imara Master Level
- A Manual
- A Printed Certificate.

Karuna Ki Reiki

Prerequisite Reiki Master

Karuna Ki which was created by Vincent Amador is an ideal complement to Usui Reiki. It is only available to Reiki Masters and has been developed from, but is in no way affiliated with Karuna Reiki, although some of the symbols are the same.

Karuna Ki means "Compassionate Energy" and is all about healing and spreading the love & compassion to everyone and this modality offers a way to connect to this compassion and share it with all creation. There are several aspects of Karuna Ki which include Healing, Meditation (Karuna Ki Do), and Chanting (or Toning).

The practice of connecting to your spiritual guides who are connected with the Karuna Ki Do is also a path you may explore. The guides we connect to most likely will be directly related to our personal beliefs. People who are Christian are likely to see Jesus, Mary, or angels.

People with more new age beliefs might see ascended masters or St. Germaine. You may experience Spiritual guides such as these, or none at all. Both are acceptable and "right" for you.

You will receive:

- 1 Distance Attunement to Master/Teacher Level
- Karuna Ki Manual by email
- Printed Certificate by post.

Kundalini Reiki Levels I-III

Prerequisite Usui Reiki Practitioner or above

Kundalini is an amazing healing technique that is simple to use. You will receive 3 distant attunements which open and strengthen then energy channels in your body. This enables Reiki energy to flow through your body and release any energy blockages. Kundalini awakening starts at the Base Chakra which is the entrance for the Kundalini Energy. After entering the body the energy runs up through the main energy channel and exits through the Crown Chakra.

When your Kundalini is opened a complete cleansing of the chakras and energy channels will occur over a period of time. Kundalini Reiki is similar to the traditional systems of Reiki, but once your Kundalini has been awakened in this safe manner your Reiki Healing abilities will be much improved.

If people have previously had problems with a Kundalini Awakening, a Kundalini Reiki treatment can often help. When you have your Kundalini awakened through Kundalini Reiki your Chakras are opened from the base to the Crown so Kundalini energy is released through the Crown chakra and there can be no build up of energy.

You will receive:

- Three attunement
- A Manual
- A printed certificate

Silver, Gold and Violet Flame

The Silver, Violet Flame is a wonderful energy to work with and has been described by many who have received this attunement as deeply powerful yet 'pink and sprinkley'! It is also quite typical to call upon and sense a wonderfully healing violet fire making its way through your aura, cleansing you of all karmic and deep seated issues that no longer serve you.

Recently, the Silver Violet Flame has been enhanced and empowered by the spiritual gift of the Golden Ray of Peace, bringing the additional dimension of Peace and Tranquillity after use.

As well as expelling toxins lodged in our physical organs, the Silver Violet Flame can also transmute the karmas and traumas of our present and past lives, which are recorded in our etheric, mental, emotional and physical bodies. Sometimes our personal karma feels like a heavy weight, but by invoking the Violet Flame we will feel lighter and less burdened since it literally consumes the cause of our personal problem.

Silver Violet Flame energies are highly transformational and can be used on both yourself and others. You can call upon the angels/guides of the Silver Violet Flame and also on St. Germain before going to sleep at night, asking them to work on whatever issue requires healing. By the morning, the issue is typically released, although for deeper problems you can repeat the procedure for up to 30 consecutive nights. People who have directed the Silver Violet Flame into relationship problems report sensing a tremendous burden being lifted and feeling free to move on with their lives again.

It is a high frequency spiritual energy, which is for those who hear the call of community or spiritual service to mankind, and it also provides the wisdom needed to overcome the selfishness in our lives.

The Silver Violet Flame can also be used to cleanse and purify the aura and major chakras by invoking it on a daily basis. This package includes:

- One Attunement to Master Level
- A Manual
- A Printed Certificate.

White Dove Reiki

Prerequisite Reiki Master

White Dove Reiki was given to the Rev. Richard D.Kidd during a meditation, it was a peaceful and enlightening happening and this is the way White Dove attunements are usually received.

White Dove Reiki uses the concept of visualising the energy being carried on the Dove's wings, delivered to and absorbed by the recipient. In this way all the reiki energies can be concentrated directly into the Dove. The White Dove represents the purity of energy which gives you the ability to have the purity and freeness of the White Dove to assist you with your healing and attunement processes.

White Dove can be incorporated with all other Reiki modalities as it provides a focal point for you to direct your energy.

This package includes:

- One Attunement to White Dove Reiki Master/Teacher
- A Manual
- A Printed Certificate.

Energy Healing Systems

Akashic Records

The main purpose of reading the records is to provide valuable information to assist in having a better life. An Akashic reading can provide important guidance on how to work through current problems. It can present opportunities for growth, bring clarity to thought processes, and can help sort out difficult or major life transitions.

This course provides simple techniques and scripts to help you to access the Akashic Records for both yourself and others. With practice, you will receive spiritual guidance, discover the impact your past lives have on your current life and much more besides. For some people this may be a fast process, for others practice will be required.

There are many ways to access the Akashic Records, but Spirit does not give access to everyone. One must have earned the right to enter the Hall of Records. This is decided by Spirit alone.

This package includes:

- One Attunement
- A Manual
- A Printed Certificate.

The Golden Triangle Healing System was founded by James Purner and is indeed a very spiritual system that works more at a soul level than a physical level.

Once attuned you can activate the energies to heal yourself or others. It can be used alone or in combination with other Reiki systems and is ideal for distance work. When used in combination with other systems it will increase the healing ability by 100% because the Golden Triangle energies work at such a high frequency.

Many people report that they have an increased amount of activity within their third eye so this system is highly recommended for those who wish to aid their spiritual connections. Telepathic skills are also greatly enhanced with regular use of The Golden Triangle system.

This attunement is available to anyone; you do not need to have any experience of Reiki to receive this attunement.

The Rainbow Orb can be used in healings as well as in times of need. Fairy LightWorker Programme

Fairies are magickal beings that are multidimensional. They can move in and through the physical realm. We live in the 3rd dimension, the physical realm. But in reality, everything we see, hear, touch, taste, and smell are only illusions—these perceptions are how we communicate the information we receive in the physical realm to our true spiritual selves. We are energy.

Everything is energy and nothing is truly solid. The Fairies know this, and are able to merge with the things that appear to be solid in the physical realm. Their energies are lighter and their knowledge of quantum physics, allows them to move in and out of different dimensions, which all co-exist at the same time in the same space.

You do not have to know or understand quantum physics to know that Fairies do exist, and that we rarely ever see them with our physical eyes. We sense them, feel their presence, and very often can communicate with them psychically through telepathy or visions.

The Fairy LightWorker Program will connect you to all Fairies, if you wish to call on them for assistance. This system strengthens and connects you to specific Fairies so that you will be able to call on them easily for assistance with healing, abundance, magick, guidance, protection, fertility, transformation, transition, strength, love, happiness, and beauty. Please keep in mind that you do not have to receive any attunement to work with Fairies, but the Fairy LightWorker Program does speed your ascension for working in the Otherworld of the Fairies, and strengthens and enhances your abilities to connect and work with the Fairies and their energies.

You will learn about the Following Fairies, and ways to work with them, and which Fairies to call on for assistance with specific areas of need:

Greenman
 Dryad
 Woodland Nymph
 Gnomes
 Sylph
 Star Fairy
 Stone Fairy
 Pixie
 Ice Fairy
 Water Sprite

Coventina the River Queen

There are 11 attunements for the Fairy LightWorker Program, one for each of the above mentioned Fairies.

Your Course includes:

11 distant attunements

One Spirit Healing System

One Spirit is an Energy System especially beneficial to anyone interested in Animal Healing, Shamanism, Totem Animals and Native American Tribal Culture. Diane Bellefeuille is a 4th Generation Native American who has always had a strong connection to her heritage and the animal kingdom.

One Spirit is a very powerful energy based Shamanic Healing System that uses your heart, unconditional love, and symbols. One Spirit takes you inside yourself, so that you can look deeper, beneath the surface and see your true self. Within all of us there are Animal Totems that protect the chakras. There are animals with their own special abilities that guard each chakra – each chakra also has its own special animal guardian. This system is similar to Reiki, in that both Reiki and One Spirit teaches how to heal yourself and others, how to send energy distantly and remotely, both Reiki and One Spirit work to heal body, mind, and spirit. One Spirit also teaches you how to love and forgive yourself unconditionally and without judgment.

The main difference between Reiki and One Spirit is that One Spirit connects you to your animal guardians/animal totems and animal spirit guides. It works more with animals and Nature. You will learn how to meet your animal guides and get to know them, how to help heal each other, and how to work together toward specific goals, including healing yourself, others, animals, and Mother Earth. We are all connected. We all have One Mind, One Body, One Heart, and One Spirit. *****WE ARE ALL ONE*****
